RESEARCH AND DEVELOPMENT COMMITTEE
2022-2023

Research and Development Committee of the college was established in 2017-18 with the purpose of empowering research level in the college. The main objectives and functions of a Research and Development Committee are as follows:

Objectives:

1. To review research proposals/hypotheses of the researchers.
2. To monitor progress of the researchers.
3. To evaluate findings derived by the researchers.
4. To ensure ethical considerations gained out of the research study.
5. To provide support and resources to enhance the quality of research.
6. To disseminate findings to maintain the relevance of research study.

Overall, the main objective of a Research and Development Committee is to provide guidance, support, and feedback to researchers throughout the research process to ensure that the research project is of high quality and has a significant impact.

Functions:

1. The R&D Committee reviews research proposals and provides feedback on their feasibility, relevance, and methodology.
2. The R&D Committee monitors the progress of the research project and provides feedback on any issues or challenges that arise.
3. The R&D Committee evaluates the findings of the research project and provides feedback on their significance and implications.
4. The R&D Committee ensures that ethical considerations are taken into account in the research project, including issues such as informed consent and protection of human subjects.
5. The R&D Committee provides support and resources to researchers, including access to equipment, funding opportunities, and other resources.
